Medicare regulations require the tests to be medically necessary for the diagnosis and treatment of the patient to qualify for reimbursement from the program. The physician must be treating the patient in connection with the diagnosis or complaints listed and this information must accurately reflect the medical reasons for requesting these tests. The medical necessity of each test ordered on this requisition must be documented in the patient's medical record. Tests ordered for the purpose of screening or which the physician believes to be appropriate even if the payor may not allow reimbursement, may not be billed to Medicare except for the purpose of receiving a denial. An Advance Beneficiary Notice (ABN) must be signed by the beneficiary or authorized person and attached to this form indicating his/her willingness to assume financial responsibility for the testing. **General Instructions for Governmental Payors:** All orders for medical imaging tests must include a statement of the medical reason for those tests. Please list the reason(s) for the exam below. If a
